

Come celebrate...

25 years of building peace and solidarity with the people of Nicaragua 1992 - 2017

PeaceWorks is rooted in the social movement of the 1980's that resisted the U.S.-backed war in Nicaragua. But even when the war ended, PeaceWorks continued to support Nicaraguans fighting poverty, injustice and discrimination. 25 years later, our *people to people, pueblo a pueblo* work is stronger than ever!

Not every group gets to turn 25. So, please, come raise a glass with good friends - people who've spent the past quarter century fighting injustice and working together to build peace and solidarity with the people of Nicaragua and Latin America.

**Saturday December 9th, 2017, 2-5pm
